**September Program, Tuesday, September 8th, 5:30 PM,  
Room 153 OSU Tulsa North Hall.**

Ken Kelly of National Instruments will discuss advancements in instrumentation, emphasizing online power monitoring equipment. During Mr. Kelly's tenure at National Instruments, he has participated in the Engineering Leadership Program and developed signal conditioning, data acquisition hardware, plus several PXI modules. He currently works as a field engineer serving Oklahoma, Kansas, and Arkansas. He joined NI after graduating from The University of Oklahoma in 1995 with a master's degree in electrical engineering.

Bring a colleague! We'll have refreshments and time for visiting from 5:30 to 6:00 then the presentation at 6:00 pm. See you there!

**October Program, Tuesday, October 13<sup>th</sup>, 5:30 PM**

We are still looking for an interesting program or tour for this slot. If you have a suggestion (or would like to volunteer!) please email [teddy.wyatt@ieee.org](mailto:teddy.wyatt@ieee.org)

**November Program, Tuesday, November 10<sup>th</sup>, 5:30 PM**

The program committee is finalizing arrangements with a local company that is a leader in data assurance and digital forensics. Watch for the details in your upcoming newsletters.

**Upcoming IEEE Elections.**

This year we'll be conducting our biannual elections for our IEEE Section Officers. Your current officers are listed at the end of this newsletter. As immediate past chair, Teddy Wyatt will head the nominating committee. If you are interested in helping the section as an officer or would like to "volunteer" someone else, please drop me an email at [teddy.wyatt@ieee.org](mailto:teddy.wyatt@ieee.org). Typically elections are conducted at the November meeting. A firm schedule will be published later this fall.

**IEEE Tulsa Section Facebook group**

There's now a Facebook group just for the IEEE Tulsa section. This is another avenue to communicate and connect with other IEEE members and like-minded professionals. Just search in Facebook for IEEE Tulsa Section and join the group!
