November Meeting, Avansic
November Brown Bag with OSPE at Ditch Witch in Perry
December Meeting/Joint Societies Holiday Party
Bi-Annual Officer Elections
Tulsa Section on Facebook
Your Section and Regional Officers for 2009

November Program, Tuesday, November 10th, 5:30 PM

Our November program features a presentation by Gavin W. Manes, a nationally recognized expert in digital forensics. Dr. Manes founded Avansic in 2004 to provide e-discovery services to an ever-increasing number of members in the business and legal communities looking to protect their companies and clients from exploitation.

This meeting will be held at OSU-Tulsa, North Hall Room 156. Refreshments will be available starting at 5:30. The technical program will begin at **6:00** pm.

Oklahoma Society of Professional Engineers Brown Bag Lunch, Thursday, November 12th

This session will be held on location at Ditch Witch in Perry, Oklahoma. Attendees who wish to arrive early can take a tour of the Electromagnetic Compatibility Facility (EMC) prior to the session. Requirements for the tour are long pants, closed toes shoes and no cameras.

The topic for the Brown Bag PDH session will be EMC Challenges for Earthmoving Machinery. The speakers will be Gerry Wells and Brad Marshall. The session will offer 2 PDH credits and will cover EMC background, generic regulations and standards, and then specifically earthmoving machinery and its related components.

Schedule for the day:
10:00 am - Tour of EMC Facility
12:00 pm - 1:00 pm Lunch
1:00 pm - Education Session
3:00 pm - Session Ends

Make your reservation today at <http://www.ospe.org/cde.cfm?event=272980>. Walk-ins will be welcomed, but seating is limited to the first 75 people to register/attend. For more information or questions about the education session, please contact the OSPE office at ospeinfo@ospe.org or call 405.528.1435.

So bring your lunch, network with other engineers and gain a PDH credit.

The cost to attend the session will be \$5.

Upcoming IEEE Elections.

This year we'll be conducting our biannual elections for our IEEE Section Officers. Your current officers are listed at the end of this newsletter. As immediate past chair, Teddy Wyatt will head the nominating committee. If you are interested in helping the section as an officer or would like to "volunteer" someone else, please drop me an email at teddy.wyatt@ieee.org We'll have more information about elections at our November meeting.

IEEE Tulsa Section Facebook group

There's now a Facebook group just for the IEEE Tulsa section. This is another avenue to communicate and connect with other IEEE members and like-minded professionals. Just search in Facebook for IEEE Tulsa Section and join the group!
