PURPOSE AND DEFINITIONS

Purpose

This document contains the policies of the Tulsa Engineering Foundation, describes the organization, its operations, its procedures, and other related documents with respect to the administration, policies, and activities.

Definitions

The following words and terms, when used by this organization, shall have the following meaning, unless indicated otherwise.

Board of Directors – The collective group of elected Trustees which govern TEF

Bylaws – The specific rules of the organization that must be followed.

TULSA ENGINEERING FOUNDATION

GENERAL

The TEF is an organization of engineering societies and institutions of learning in the Tulsa area. The general purpose of TEF is to assist, coordinate, and promote activities among the many member organizations, and to do community outreach in the areas of science, technology, engineering, and mathematics (STEM).

Mission Statement

The mission of TEF is two-fold: Assist and provide cooperative activities among the many engineering societies and groups in the greater Tulsa area, and to provide outreach to the community on engineering related matters, with emphasized focus on youth.

Programs and Activities

TEF has several ongoing activities. These activities are listed below. They may be modified in the future.

The Tulsa Engineering Challenge (TECh) – A hands on activity for school age children and young adults to promote engineering within that age group. The event is held once per year, usually in late winter.

Scholarships

Project Grants

Awards – Tex Richardson Engineering Guidance Awards

Engineers' Week Activities

Services

- Hosting events and activities which span the interest of more than one organization
- Cosponsoring activities for member organizations
- Administering scholarship funds and soliciting funds for scholarships and awards

TULSA ENGINEERING FOUNDATION

Funding source

TEF shall raise funds from solicitation of donations, and the sponsorship of activities for the members and community. In addition, TEF accepts donations for supporting scholarships.

General donations are sought from engineering societies (dues and grants), businesses which are involved in some way with engineering, science, or technology, related organizations, colleges and universities, and individuals within the community.

All donations are tax exempt, as TEF is a 501(c)(3) organization.

TULSA ENGINEERING FOUNDATION

BACKGROUND, HISTORY, ORIGIN, CURRENT OPERATING MODE

The Tulsa Engineering Foundation was established by the Engineers' Society of Tulsa in the 1980's as a non-profit 501 (c) (3) charitable corporation to provide:

- Educational facilities and programs relating to the engineering profession.
- Operate exclusively for charitable, scientific and educational purposes.
- Qualify for IRS tax exemption under Section 510 (c) (3).

TEF's members are local chapters or professional-technical societies and educational institutions. A board of Elected Trustees is selected from representatives of the member organizations. The officers are elected from the Trustees annually. The TEF meets quarterly and holds its annual meeting in July. Annual dues at the time of creation were \$40. TEF had a modest endowment fund with the ability to receive a wide range of donations and bequests. This endowment fund is in the process of growing with new donations.

TEF serves as a clearing house and coordinating agency to foster cooperative and joint activities among the member societies. Educational outreach activities are the premier functions, including the founding and sponsoring of the annual Tulsa Engineering Challenge (TECh), and more recently aiding with the regional MATHCOUNTS competition and initiating a Project Grant program. A continual fund raising campaign raises the needed funds (in 2016 this was in the range of \$10,000 to \$20,000) annually through donations from foundations, businesses, individuals and member organizations to supplement the dues income and other fund raising activities. TEF maintains a website (www.tulsaengineer.org) with facilities for member organizations to announce programs and distribute electronic newsletters.

TEF Officers in 1986 were:

Bill Forney, President
Genie Culwell, Secretary

Jim Kilmer, Vice President
?? Treasurer

Proposed founding organization members as listed in correspondence from Bill Forney, 7/18/1986:

EST – Engineers' Society of Tulsa
OEF - Oklahoma Engineering Foundation
OSPE – Oklahoma Society of Professional Engineers
SWE – Society of Women Engineers
ASME – American Society of Civil Engineers
CECO – Consulting Engineers' Council of Oklahoma
AISC – American Institute of Steel Construction
ACI – American Concrete Institute

TULSA ENGINEERING FOUNDATION

GOVERNING DOCUMENTS AND LAWS

Incorporation documents and related information

The Tulsa Engineering Foundation, Inc. was incorporated as a Non-profit Corporation in the State Of Oklahoma on June 26, 1984. The Certificate of Incorporation, Articles of Incorporation and Bylaws as amended are held by the Secretary.

Declaration of 501 (c) (3) Public Charity status and IRS rules

TEF submitted a Form 1023 Application for Recognition of Exception under Section 501 (c) (3) of the Internal Revenue Code on December 13, 1984 signed by Bill E. Forney, Trustee. On April 3, 1985 TEF received an advanced interim ruling that they were except under section 501 (c) (3) as a publicly supported organization under section 509 (a) (2) and classified as a public foundation from date of inception for purposes of sections 507 (d) and 4940. At the end of the ruling period on April 5, 1990 the IRS issued a final determination that TEF's exempt status under section 501 (a) as a public charitable foundation within the meaning of section 501 (c) (3) was still in effect as an organization of the type described in section 509 (a) (1) and 170 (b)(1) (A) (vi). Grantors may rely on this determination for tax exempt donations. A copy of this April 5, 1990 IRS declaration letter certificate is held by the Secretary and contained in the Appendix, at the end of this document.

TEF has the Federal Employer Identification Number (EIN) of 73-1234369.

TEF annually files an IRS form 990 Return of Organization Exempt From Income Tax. These returns are on file with the Treasurer and available from a number of on-line sources. An Oklahoma Form 512E Return of Organization Exempt from Income Tax is filled annually as well.

TULSA ENGINEERING FOUNDATION INC
1501 EAST SIXTH STREET
TULSA, OK 74120

Our Letter Dated:
April 3, 1985
Addendum Applies:
No

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization which is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

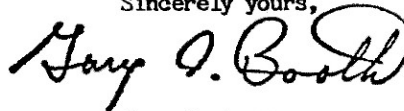

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Gary O. Booth
District Director
