Personal Essay – Take time to prepare a developed, well-written, grammatically correct essay. This is your opportunity for the Scholarship Committee to know you individually. While GPA, ACT/SAT scores, financial need, etc., are important selection criteria, a good essay often sets one student apart from others. The essay is to be limited to one-page in length highlighting areas, such as your motivation for pursuing a career in engineering, your academic, extra-curricular, and community service accomplishments, and any part-time jobs, travel or hobbies that may relate to your career goals. Also, state how a scholarship will aid you with these goals and how it demonstrates your attitude about life. Let us know something about you that we may not learn from the rest of your application. There is no “correct” way to respond to this essay. In writing about something that matters to you, you will convey a sense of yourself. **The essay must be computer prepared or hand printed.**

Letter of Recommendation – When selecting someone to complete your recommendation, select someone who will be thorough in the review of your character. Select someone who knows you (and your family) well and will be able to give a candid and unbiased evaluation. **Someone must complete your recommendation other than your parents or immediate family members.** Recommendations may be written by teachers, counselors, employers, neighbors or a friend of the family. The letter of recommendation should be completed on the form we have provided in this application and should be returned to us in a sealed and signed envelope along with your application. **Any recommendation received with a broken seal will be rejected.**

Official Transcripts Provide a transcript that includes grades (your GPA and Cumulative GPA) from August through December (Fall semester). **Do not send your application unless you include your Fall 2022 semester transcripts.** If your school is reluctant to release transcripts directly to you, they may be placed in a sealed envelope and then released to you. If you continue to have difficulty receiving transcripts, please contact the Foundation for assistance. **DO NOT SEND TRANSCRIPTS SEPARATELY!**

Forms – Word doc versions of the forms are available by contacting info@tulsaengineer.org or calling 918-906-7929.

ALL APPLICATION MATERIALS MUST BE SENT TOGETHER AS A SINGLE PACKET AND MAILED TO THE TULSA ENGINEERING FOUNDATION, B Wollmershauser, 6910 E 99th Place, TULSA, OK 74133-6229. THE PACKET MUST BE POSTMARKED NO LATER THAN FEBRUARY 1, 2023. Regular postage is fine.
